

MEMORANDUM FOR THE DIRECTOR:

This memorandum is for information only.

In a program, "Open Hearing," carried by WMAL-TV and the American Broadcasting network last Sunday at 5:30 P.M., Representative John E. Moss, D., Cal., discussed the ban on sending newsmen to China. He said in part, "We spend millions of dollars through CIA and other agencies to find out what is going on in Communist China," yet we pass up this opportunity to get some of our best-informed men, the American press, to tell us.
